

## REMARKS

This paper is filed in response to the Notice of Non-Compliant Amendment mailed 13 January 2012, based on the response filed on 11 November 2011 to the Ex Parte Quayle Action dated 31 October 2011. **The claim amendments in this paper replace the amendments made in 11 Nov 2011.** Claims 1-7, 9-12, 14-17, 23, 27 and 28 are previously presented. Claims 21, 24, 25, 26 and 29 are currently amended. Claim 8, 13, 18-20 and 22 are canceled.

### Claim Amendments

Claim 21 has been amended to correspond to the claim as pending in the response filed on 16 September 2011. Applicants apologize for the inadvertent error made in the claim amendments. In view of the current amendment to claim 21, the objection to claim 21 in the Notice of Non-Compliance should be overcome.

As previously indicated: claim 24 has been amended to become dependent on claim 21, per the Examiner's suggestion. Further, claims 24, 25 and 26 have been amended to conform to the claim language of claim 21 for the purposes of clarity and consistency, and the heat conducting wall is now referred to instead of the membrane.

Further claim 29 has been amended to correct a minor typographical error in ii). A proper status identifier has been added in the claims in order to overcome the objection to claim 29 in the Notice of Non-Compliance.

In view of this Applicant believes all objections in the Notice of Non-Compliance have been overcome and the application can move to allowance.

### Rejoinder

Applicants acknowledge and thank the Examiner for that claim 21 and 23 are allowable and may be rejoined. Claim 24 has been amended to be dependent on claim 21. Claims 24, 25 and 26 have also been amended to conform to the claim language of claim 21. Applicants believe the instant application is now in condition for allowance.
